WARNING

Failure or improper selection or use of the products and/or systems described herein or related items can cause death, personal injury, and property damage. This document and other information from Parker Hannifin Corporation, its subsidiaries and authorized distributors provide product and/or system options for further investigation by users having technical expertise. It is important that you analyse all aspects of your application and review the information concerning the product or system in this catalogue. Due to the variety of operating conditions and applications for the products or systems, the user, through its own analysis and testing, is solely responsible for making the final selection of the products and systems and assuring that all performance, safety, and warning requirements of the application are met. The products described herein, including with limitation, product features, specification, designs, availability and pricing, are subject to change by Parker Hannifin Corporation and its subsidiaries at any time without notice.

Any use of images or information from this document without prior approval from Parker Racor is prohibited.

FIRST FIT FOR OEM. FIRST CHOICE FOR THE INDEPENDENT AFTERMARKET.

Parker Racor is a global leader in engine filtration technology. For over 45 years we have been a driving force of innovation, with a commitment to delivering the best solutions for our customers.

Working in partnership with world-class automotive OEMs, we design and manufacture first-fit equipment for many of the biggest names in truck and bus. And the identical engine filtration is available in the aftermarket, offering you products with exactly the same fit, form and class-leading performance as the original – and always 100% compliant with vehicle manufacturers' warranty conditions.

This catalogue introduces our products for on-highway commercial vehicles, making it easy for you to find the ideal replacements for your vehicle.

If you need additional technical information, please contact our support team:

HOW TO USE THIS CATALOGUE

Here at Racor our primary business is to design and manufacture complete engine filtration solutions for the world's leading truck manufacturers.

Racor has worked in partnership with many leading automotive OEMs to design and manufacture the product installed as first fit on the engine or vehicle.

The aftermarket version of those filters are also manufactured by Racor and can be found in this catalogue. They are identical to the OEM filter in fit, form, function and performance, and they will not violate or invalidate the vehicle manufacturers warranty conditions.

OEM COLOUR KEY			
DAF	FORD	IVECO	MAN
MERCEDES	RENAULT	SCANIA	VOLVO

To easily find an OEM look for the colour coded pages in the catalogue.

Once you have found the OEM you can then identify the product type by icons below.

ICON KEY

RACOR Aftermarket Accessories

Fuel	#	Description	Racor Part Number
	6	Active Water Sensor Kit: Analyses electrical resistance at the water probe and determines if water is present For use with all spin on fuel filters	RK30880E
	7	Bowl Wrench: Helps remove your filter bowl with ease. For use with all metal and clear spin on bowls that feature extended ribs.	RK 22628
	8	Vacuum Restrictor Indicator: A Filter Minder that monitors fuel restriction and indicates increased resistance to flow when the filter element starts to become blocked. For use on all fuel filters with air vent plug and port thread 3/8" SAE, 8"-27 NPTF, 3/8" SAE or 1/8"-27 NPTF.	DRK32036
		9	Vent Filtration System: Used to clean the dirty air from the Diesel Exhaust Fluid (DEF) and / or the diesel holding tank.
10		Eco Vent Filter and Bracket Assembly: Eco Vent Replcement Element	PFA500676000
